

Classical Conversations Foundation

International Religious Freedom Public Affairs Agenda 2024

Overview

The Classical Conversations Foundation is committed to helping advance the cause of religious freedom around the world. We believe that removing obstacles to following after the Christian faith is important to our work of influencing the world for Christ.

In order to achieve that end, we advocate for policies that advance religious freedom as a human right. We focus on issues that prevent physical harm and economic hardship on individuals simply because they choose to believe and practice a certain religious faith.

Public Affairs Agenda 2024

- Monitor priority international religious freedom issues before the United Nations and the United States government.
- Meet with select public officials to share our positions on certain religious freedom issues.
- Participate in the annual International Religious Freedom Summit.
- Partner with various organizations and individuals to advance priority religious freedom issues around the world.
- Support the federal biannual reauthorization of the United States Commission on International Religious Freedom (USCIRF).
- Support efforts to further advance promotion and adoption of the Abraham Accords and other initiatives that promote normalization of relations between Arab countries (states) and Israel. Support other initiatives that promote goodwill and peace toward Israel as well as policies that seek to reduce and eliminate antisemitism.
